

Clinician Training Program with Kate Godly, MS, PA-C

Empower Your Practice with Functional Medicine

12-Week Online Cohort • Every other Tuesday • Starting September 16, Noon EST via Zoom

Overview

Kate Godly, PA-C, holds a Masters Degree in Human Nutrition and Functional Medicine from UWS. She opened The Functional Medicine Center in Durham, NC in 2017 and brings 16+ years of clinical experience to the Clinician Training Program. During this time, she has treated thousands of patients with Chronic Gut issues, Diabetes, Long COVID and vaccine injury, HIV, EBV and other chronic viruses, Adrenal dysfunction, Hormone deficiencies and imbalances, Allergies, Mast cell issues, Chronic mold illness, Fibromyalgia, Chronic pain and so much more.

She designed this program based on her clinical experience. The goal is to guide providers through a comprehensive Functional Medicine curriculum designed to heal chronic conditions and enhance clinical confidence while keeping care as affordable as possible for patients.

What You'll Learn

- COVID & Long COVID with summary of Epstein Barr Virus (EBV)
